OUR SERVICES

Our plant in Deggendorf was founded in 1959 and has been extended to its present size throughout the years. TWD Fibres GmbH today belongs to DAUN & CIE. Aktiengesellschaft.

Our main competence is in the production of textured Polyester and Polyamide filament yarns and includes the production steps spinning, additive spinning, texturing, twisting, and dyeing.

We supply customers working in the areas of automotive, apparel, home textiles, hosiery, medicine, sewing, covering, texturing, and technical end use.
